Dear Sid:

STATINTL

I am enclosing copies of approved Production Lists 59-8 and 59-9 to Contract Nr. HF-CT-697. By telecon between [redacted] and [redacted] on 16 December an amendment to P.L. 59-8 was agreed upon which will increase the quantity to one thousand and reduce the price to \$5.20 each. STATINTL

With this amendment the total committed under the contract through P.L. 59-9 will approximate \$19,000. As specified in Part I, (c) of the contract I am required to notify you if the total committed is likely to exceed the funds allotted, i.e. \$15,000.

In my letter of 17 November, when \$6,000 remained of the allotted funds, I suggested extension of the contract through 30 June 1959, and a possible increase in funds. Amended P.L. 59-8 and P.L. 59-9 together will total an estimated \$9,690. Judging from Bill's requirements an increase of allotted funds to \$30,000 would seem reasonable.

I am delaying procurement of most of the parts on these two Production Lists until you tell me what you want me to do.

Yours very truly

STATINTL
